WHAT YOU SHOULD KNOW ABOUT THE SECC

- In the last 25 years, the SECC has raised over \$45 million for local, national, and international charities.
- The campaign was created to limit the amount of times annually that charitable organizations are invited to ask you for help.
- The SECC makes it easy for you to donate to a charity of your choice through payroll deduction.
- By design, the campaign is a true collaboration of Federations, United Ways and participating charities. The State Employees Charitable Campaign belongs to YOU.

1987

That year a gallon of gas was 89 cents... the Dow Jones Industrial average closed at 1,938... disposable contact lenses just became available... the Bangles topped the charts with their #1 song, Walk Like an Egyptian... Three Men and a Baby was the top grossing film in the U.S...

... and the Michigan State Employees Charitable Campaign (SECC) was established.

25 years and over \$45 million later, State of Michigan employees continue to give generously to their communities and charities as volunteers and faithful givers.

For 25 years, State employees have preferred to give through the SECC—because payroll deduction is a convenient and secure way to give regular gifts to a charity we can choose.

The SECC is managed by employees for employees—providing convenience, confidence and choice for your charitable giving.

For 25 years, thousands of charitable organizations have preferred to be a part of the SECC—because the simple process keeps their administrative costs low, and steady small gifts of kindness from individuals supply more than 75% of all charitable giving.

For 25 years, the defenseless and disenfranchised have been protected, the helpless and the hopeless have received strength, the undernourished and unprepared have been relieved—because of State employees. For those of you who have been a part of this—thank you.

Therefore, we are not ashamed to ask; we are not asking for ourselves. Would you consider pledging to one of the agencies listed here through payroll deduction? Five dollars a pay period from every employee would flood our communities with \$6.5 million in desperately needed aid.

Would you become a part of the State of Michigan Employees Tradition of Giving?
