

**SECC CHANGES – STATEWIDE EMPLOYEE EMAIL**  
**TO BE SENT: August 31, 2020**

SUBJECT: SECC Campaign Changes/Updates

State of Michigan Employees:

Due to the current pandemic, statewide budget cuts and layoffs, the State Employees Charitable Campaign will NOT have an open enrollment period this year.

If you currently give through a recurring donations via payroll deduction, these will continue. If you have a donation scheduled to end in December, you will have the opportunity to update your pledge by calling the MI HR Service Center in October. More information and instructions will be forthcoming.

This year we'd like to promote new one-time and recurring donations through the SECC website [via PayPal](#). The campaign will run from September 21 – October 23, 2020. With [nearly 1,000 participating charities](#) it's easy to find a cause that's important to you and close to your heart. We are excited to continue offering employees an avenue for charitable donations that support so many charities across Michigan and beyond, especially at this time of increased need. Visit [www.misecc.org](http://www.misecc.org) for more information. To make a donation via credit card click [here](#).

Thank you to all of our SECC donors and volunteers for all of your hard work during this time of crisis. We appreciate all that you do for your communities and look forward to your continued support as we move through our 'new normal'.

Please let us know if you have any questions.

Sincerely,  
[SECC Steering Committee](#)
